

LIV Meeting Minutes

June 5, 2025

The meeting was called to order by President John Albora after refreshments were served in the Auditorium lobby. Thanks to Marty & Rich Fingerhut who brought the coffee and snacks.

Past Events

Wednesday Night Cruises

We will be changing our location for these meets to hook up with other clubs and encourage them to attend our show at FourLeaf. We went to Burger City for burgers and had about twelve cars. It has been so rainy or unpredictable lately that our cruises have often been canceled.

Watch for the announcement of the Wednesday location on WhatsApp and in an email.

Hang-out at the Feldman's

Mark Feldman hosted a Saturday morning hang-out at his home on May 10. It was an enjoyable day and about fourteen people attended. There is a possibility of a repeat event.

Future Events

Trip to Tucker's Tap Room

On Sunday, June 22, we will caravan to Tucker's Tap Room in Mattituck. We can only do this if the weather is nice that day. There is no rain date. We will be meeting at 9:30 AM at the Welcome Center on the LIE and will leave at 9:45 AM. We will cruise out to the location together as much as possible. There is a tap room and BBQ there, and they have set aside a large parking area for us to all park together. We will also invite CORE and Empire Muscle Cars.

Corvettes at Carlisle

Our club will again be attending Corvettes at Carlisle in Carlisle, PA. It is held the weekend before Labor Day Weekend, which is August 21-23, 2025. We will have the same spots on the Fairgrounds, so look for the location in the Program. There is one parking spot available if anyone is interested in parking at the Club spot. Let's hope for nice weather – not too hot and not rainy! It is a great chance to see the new Corvettes and meet people from around the country.

Membership

Brian L. announced that we have seventy-three members, and he announced all the members with birthdays this month.

Treasurer

Pete P. announced the transactions this month as follows:

Income	\$ 1,761.00
Expenses	-\$473.00
Ending Balance	\$14,487.00

FourLeaf Car Show

The Sunday, July 13th date for the show is approaching fast. The sign-up sheets for the various jobs are on the front tables. Please sign up with your T-shirt size so we can order a shirt for you. This year the shirts will be bright red. Everyone should be there for set-up by 6:00 AM - 6:30 AM.

We can use their storage pod the day before and the day after the show so our supplies will be available and members can bring their Corvettes to the show. We will need people with big vehicles the day before and the day after the show to load and unload the pod. We have one paid food vendor and would like more. The ice cream vendor has not committed. We have nine paid sponsors.

We will not have Goodie bags this year as retailers are cutting way back on providing items. We will have pens and dash plaques to give out. Dave Lobel designed the trophies again this year and the design has been given to the shop. FourLeaf has graciously agreed to cover that expense for us, which is saving us over \$1,700.00 We will have a 50/50 and a raffle again this year, but to make things simpler we will use the same tickets for both. We will draw the 50/50 first and then the auction items. Deb C. and Marie did a great sales job last year and hopefully they will be available this year. FourLeaf is not sure if the picnic area will be in place in the parking lot. We would like it to be gone but that is up to them.

FourLeaf will also promote our show in their communications with their customers the month before the show. Tom Sugar has equipment that we could use for music and announcements. John will meet with Tom at FourLeaf to see if what he has will work. Insurance for the event is in place, as per Pete P.

We should send a notice to LICCC and ask them to send out our flyer to all the member clubs when it is close to our show date. Can someone contact Newsday for a mention in Pit Spot about the show?

Deb and Joe Cook volunteered to get the coffee the day of the show. Tom Scanapieco volunteered to pick up the bagels the day of the show. Jeff Rosenking volunteered to pick up three or four cases of bottled water for the show. The club has a large cooler. If members could pick up bags of ice it would be extremely helpful.

Our next meeting will be on Thursday, July 10 at FourLeaf to go over our jobs and see the layout before the day of the show. Pray for no rain on July 13!

John A. adjourned the meeting.

Respectfully submitted,
General Secretary,
Martha Baker-Fingerhut
